

## INSTRUCTION MANUAL

### Please Read Carefully Before Use

#### 1.QUALITY STANDARD

- All clocks are tested before they leave my studio.
- Battery type: One AA battery (Do not use strong alkaline battery)

#### 2. OPERATION INSTRUCTION

- To attach the pendulum, follow the picture instruction on the back of the clock
- To insert the AA battery, follow the battery diagram.
- Setting time: Rotate the cog shaped wheel at the rear, to the required time.

#### 3.MAINTENANCE

- **Do not use a strong alkaline battery such as “Duracell” as they can damage the clock mechanism.**
- Remove the battery when the clock is not used for long periods of time.
